## Ratio of mentor to students for academic and other related issues

### MENTOR-MENTEE SCHEME:

The college has set up a well-organized mentor-mentee programme. To achieve high levels of mentoring and coaching, the institution has appointed mentors from among the full-time teachers. Mentors provide students with ongoing encouragement, guidance, and practical aid. Student mentoring goal is to help all students improve their abilities and confidence. They must take charge of their own lives and achieve their academic and personal goals. The mentor has defined his or her obligations for all mentees, which include career counseling, personal counseling, academic assistance, remedial coaching, and on-demand support. The college has compiled a list of mentees who have been allocated to mentors. Along with the faculty members even the alumni are appointed as mentors under the mentor-mentee scheme. Mentors are expected to provide support to the mentees they are allocated during the year. More than 30 mentees have been allocated to each mentor. For their convenience, a list of mentors and their mentees has been attached to this circular. While performing their tasks, mentors are expected to keep the following items in mind.
